

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

The latest figures are that over 50% of the public get their news informations from cable and broadcast networks. Allowing a further erosion of the limits of media ownership will permit monopoly ownership of the media in many markets.

Monopoly ownership of media in many markets will limit the diversity of opinion and informaton given to viewers.

I stronlly oppose the rollback of media ownership regulations.
